Karen: Was thinking maybe tomorrow (Monday) we could run your laptop out to Fry's - are you free for that?
me: yep
Karen: OK, would need to go before lunch, though. Could I call you before 10?
me: yep
Karen: OK, let's plan on it, then.
Karen: Everything else okay? Great article.
me: yep indeed, got call with Amazon in a bit
Karen: Super! Have fun :)
me: super!
Karen: Mock me if you must, but I am very excited for you! <3
me: I must
Karen: Wow, I didn't realize that 3 plus bracket thingy actually would turn into a real heart emoticon. Damn, I'm good.
me: very impressive
me: you're a hacker
Karen: I learned from the best B-)
